

The background of the advertisement features a blue-tinted image of several COVID-19 virus particles, which are spherical with prominent surface spikes. These particles are arranged in a way that they appear to be interacting with or being blocked by a series of white, hexagonal shapes that resemble a honeycomb or a molecular lattice. The overall composition is clean and scientific, emphasizing the theme of viral prevention.

# Anti-COVID19

Products preventing COVID-19 spread

You can't turn on the news or check Twitter without seeing something about the coronavirus(COVID-19), a new strain of respiratory illness that the World Health Organization (WHO) says hasn't previously been identified in humans.

Global COVID-19 Spread

As the spread of coronavirus (COVID-19) continues to grow worldwide, there's been an increased panic surrounding public safety, particularly on Offices, Shopping Malls, Banks, Hotels, Factories, Schools etc.

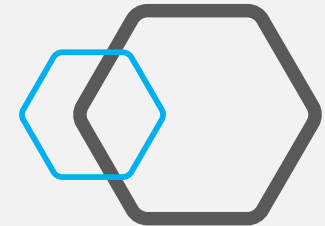

FRIEDRICH STEINBACH GMBH

# Anti-COVID19 Products

- **FS-0000-44**  
Face Recognition, Temperature & Mask Detection System.
- **FS-0000-45**  
Mask & Hand Washing Reminder Indoor Wi-Fi Camera.
- **FS-0000-46**  
Mask & Hand Washing Reminder Outdoor Wi-Fi Camera.
- **FS-0000-48**  
Precise Temperature Measurement Thermal Camera

# FS-0000-44

Face Recognition, Temperature & Mask Detection System.

## Features

- Non-contact automatic Body Temperature Detection
- Support Mask Detection
- Support Voice Alarm ( For Abnormal temperature, No Mask)
- Unique Facial Recognition Algorithm.
- Facial Recognition time < 1 Second
- Face Database  $\geq 30\,000$  faces
- 8Inch IPS HD Display
- Prevent COVID-19 epidemic by detecting human temperature and require mask wearing.

# FS-0000-44

## Advantage of this product

We use the high-precision temperature measurement module in this device. The temperature measurement accuracy is  $\pm 0.3^{\circ}\text{C}$ .

We use 8Inch large HD screen. Generally these kind of devices use 7Inch or 6Inch screens.

Binocular Live Detection can distinguish between real and dummy and reducing the risk of fraud.

Our product temperature measurement supports Celsius as well as Fahrenheit to meet your local needs.

We currently support English, Chinese, Korean, Italian and other voice broadcasting. We can customize the local language according to your needs.

We have professional and experienced technical support personnel to provide services to avoid worries.

# FS-0000-44

## Application Scenario

Supermarket

Factory

Hospital

School

Railway Station

Office

# FS-0000-45

Mask & Hand Washing Reminder Indoor Wi-Fi Camera.

## Features

- Resolution 1920×1080.
- Supports smart phone remote viewing
- Supports two-way talk
- Wi-Fi IEEE802.11b/g/n
- PAN and TILT
- Support 128GB SD Card
- One-key for Privacy Mask
- With Human Tracking Smart Function
- With Customized Voice function. Can be used to remind visitors to **Wear Mask, Wash Hands, No Gathering and Other risk reminding** for prohibit COVID-19 epidemic.

# FS-0000-46

Mask & Hand Washing Reminder Outdoor Wi-Fi Camera.

## Features

- Resolution 1920×1080.
- With excellent Starlight night vision quality
- Full-color or Starlight optional
- Active Defense with Sound & Light alarm
- IP66 waterproof
- With Customized Voice function. Can be used to remind visitors to **Wear Mask, Wash Hands, No Gathering and Other risk reminding** for prohibit COVID-19 epidemic.

# FS-0000-48

Precise Temperature Measurement Thermal Camera

## Features

- Resolution 384×288.
- Temperature Detection Accuracy  $\pm 0.3^{\circ}\text{C}$
- Frequency 50Hz, Gigabit network. Support temperature data transmitting real time.
- Compact size, Easy to install in small space
- Multi-lenses option
- Prevent COVID-19 epidemic by detecting human temperature.
